## 1 Introduction

### Overview

This training manual covers KHIE's Direct Data Entry for Acute Hepatitis A Case Reports functionality in the ePartnerViewer. Users with the *Manual Case Reporter* role can submit case reports from the ePartnerViewer by completing an online case report. The process generates a manual electronic initial case report (eICR) which is routed to the Kentucky Department for Public Health (KDPH). All examples and screenshots used in this guide are simulated with mock data; no Protected Health Information (PHI) is present.

**Please Note:** All screenshots shown throughout this document reflect how Users would interact with the ePartnerViewer while using a desktop or tablet device. While core functionality remains the same across multiple devices, interface components may vary in presentation.

### Supported Web Browsers

Users must access the ePartnerViewer with a supported web browser. The ePartnerViewer is configured to support the following modern browsers on desktop, tablet, and mobile devices:

Desktop Browser Version	Mobile Browser Version
<b>Microsoft Internet Explorer</b>	
Not supported	Not supported
<b>Microsoft Edge</b>	
Version 44+	Version 40+
<b>Google Chrome</b>	
Version 70+	Version 70+
<b>Mozilla Firefox</b>	
Version 48+	Version 48+
<b>Apple Safari</b>	
Version 9+	iOS 11+

**Please Note:** The ePartnerViewer does **not** support Microsoft Internet Explorer. To access the ePartnerViewer, Users must use a modern browser such as Google Chrome, Microsoft Edge, Apple Safari, or Mozilla Firefox.

### Mobile Device Considerations

The ePartnerViewer is based on responsive design. This means it renders in the best format based on the user's device size. Responsive design applies to mobile, tablet, and desktop devices. Tablet devices in landscape display mode are considered desktop.

1. Users must be part of an organization with a signed Participation Agreement with KHIE.
2. Users are required to have a Kentucky Online Gateway (KOG) account.
3. Users are required to complete Multi-Factor Authentication (MFA).

**Please Note:** For specific information about creating a KOG account and how to complete MFA, please review the *ePartnerViewer Login: Kentucky Online Gateway (KOG) and Okta Verify Multi-Factor Authentication (MFA) Quick Reference Guide*.

By default, the **Case Report Entry User Summary** screen displays the case reports from the last updated date. You can use the Date Range buttons to do a custom search for previous case reports entered within the last 6 months.

The screenshot shows the 'CASE REPORT ENTRY USER SUMMARY' screen. At the top, there's a navigation bar with 'ePartnerViewer' and various status indicators. Below the navigation bar, there's a filter section for 'LAST UPDATED DATE RANGE' with 'Start Date' set to '02/01/2023' and 'End Date' set to '02/01/2023'. A 'Retrieve Data' button is present. Below the filter, a table displays 2 items. The table has columns for ACTIONS, REPORT TYPE, DISEASE/ ORGANISM, AFFILIATION/ ORGANIZATION, PATIENT MRN, FIRST NAME, LAST NAME, DATE OF BIRTH, PATIENT SEX, STATUS, LAST UPDATED, and SUBMISSION DATE. The first row shows 'Acute Hepatitis A' for 'Hilton Hospital' with patient 'Cosmo Kramer'. The second row shows 'Acute Hepatitis C' for 'Afzal, Mohammad MD, Internal Medicine, LLC' with patient 'Josephine Erickson'. At the bottom, there are pagination controls showing 'First', 'Back', '1', 'Next', and 'Last', along with a 'Maximum 5 entries per page' setting.

1. To retrieve case reports for a specific date range within the last 6 months, enter the appropriate **Start Date** and **End Date**.
2. Click **Retrieve Data** to generate the case reports.

This screenshot shows the same 'CASE REPORT ENTRY USER SUMMARY' screen, but with a calendar overlay for the 'Start Date' field. The calendar is for 'January 2023' and shows dates from 1 to 31. The 'Start Date' field is highlighted with a red box, and the 'End Date' field is also highlighted with a red box. The 'Retrieve Data' button is also highlighted with a red box. The table below the calendar shows the same two case reports as the previous screenshot.

**Please Note:** The **Start Date** must be within the last six months from the current date.

The following error message displays when Users search for a Start Date that occurred more than six months ago: *Please select a Start Date that is within the last six months from today's date.*
